### THE ISLAND ELECTIONS.

The election of members to represent the Vancouver Island constituencies are doubtless ere this mostly determined, but the result has not yet reached us. For No. 1 District, which includes Victoria City and Esquimalt Town, Dr. Helmcken and Mr. DeCosmos were the only candidates in the field up to Thursday last, and as the polling, if a poll were demanded at all, came off on Friday, the probability is that both these gentlemen are elected. However that may be, it will not be deemed out of place to take a cursory view of the printed addresses of the candidates. The address of the learned Doctor is much more decided in its tone than anything we recollect ever to have seen emanate from his pen, and withal more liberal than we should have been prepared to give him credit for. He first enters his protest against the "unconstitutionality" of the system of Government imposed upon the island, but takes good care not to inform the electors that to himself largely due the credit of having bamboozled the Colonists out of their political privileges. Of municipal institutions he seems to have become somewhat suddenly enamoured. Those who remember how steadily and persistently he spoke and voted against conferring a liberal and useful system of municipal government upon the citizens of Victoria, will doubtless be both astonished and agreeably surprised that the Doctor has made the important discovery that "the Municipal Incorporation Act must be amended," and that municipal institutions must be introduced "wherever desired or practicable." We congratulate the friends of liberal institutions upon the acquisition of so able a convert, and the people of Nanaimo need not yet despair of seeing their town incorporated, since Dr. Helmcken is pledged to give them his support. As the Doctor is alive to the "obvious necessity" of reducing the expense of Government, the Colonists will have in him an able advocate of retrenchment, and taxation commensurate with the actual requirements of the public service and the ability of the people to pay. A "judicious revision of the tariff," a "liberal bonded warehouse system," and the abolition of the "head-money imposition," are all sound planks in the Doctor's platform, and will require calm and careful deliberation when the House meets. That Victoria should be the Seat of Government, the Doctor thinks "does not admit of question." We can scarcely give the Doctor credit for singularity, when he says Victoria ought to be the Seat of Government. He knows better, but as his object is doubtless to make political capital out of that question, we have no objection to the Doctor doing so, if the electors whom he addresses choose to be caught by so baitless a hook. Mr. DeCosmos' address is very brief, but at the same time explicit upon most points of general public interest. Like the Doctor, he will advocate "the greatest retrenchment in the current expenditure of the Government, compatible with the efficiency of the public service," a "reduction of taxation," and a "revision of our financial policy." What he means to suggest under the latter head, he does not indicate, but possibly it may be the abolition of the road tolls and in lieu thereof the imposition of tonnage dues upon all goods entering the port of Victoria to an amount equal to the decrement which such abolition of the road tolls would occasion to the general revenue. If so, we commend the idea. The address, on the whole, is unobjectionable; he promises a liberal and generous support to the Government in carrying through all measures that he may deem beneficial, but an "uncompromising opposition" to all measures, Governmental or otherwise, that he may consider objectionable. More than this could not be looked for, and if these gentlemen can only lay aside their local prejudices and enter the Legislature with a determination to labor for the promotion of the general interests of the Colony, with the legislative experience which they will bring with them into the Council, they will be a valuable acquisition to the independent representative body. So far as the people of Victoria and Esquimalt are concerned, they could not make a better choice. Mr. J. D. Pemberton is doubtless returned for No. 2 District, as we have heard of no other candidate in the field for that constituency. We have never been very strongly prepossessed in favor of this gentleman as a public man, but if he will pursue the line of policy which he indicates in his published address, he will not make a bad member. We have not space to review his address at any length, but suffice it to say it is a calm, explicit and liberal exposition of his political sentiments, with which there is little to find fault. For No. 3 District we believe there are two candidates in the field, viz. Mr. J. J. Southgate and Mr. H. Holbrook. What the prospect of either candidate is, we have no means of ascertaining; but from what we know of Mr. Southgate as a legislator, we are prepared to say that the people of Nanaimo particularly could not bestow their suffrages upon a more useless and unworthy object.

#### A CARD.

I AM directed by the Right Rev. Bishop D'Herbomez to thank Mr. P. Kerwin, and all other charitable persons who have given their liberal assistance to the Rev. Father McGuckin in the opening of a Catholic Mission in Cariboo.

I am directed also to thank, in the name of His Lordship, and of the Sisters of St. Ann, Mr. F. Laumeister and all those who have subscribed so liberally in aid of their new establishment in New Westminster.

An unnumbered persons have acted quite the opposite of the above mentioned gentlemen, who are so well known for their charitable exertions and liberality. I beg to state that it is the intention of the Catholic Clergy in the Vicariate Apostolic of British Columbia not to countenance any subscription in aid of Catholic institutions unless the list of subscriptions is signed by the Right Rev. Bishop D'Herbomez or one of the Catholic Missionaries who are in charge of the district where it is to be made.

## AYER'S Sarsaparilla

### FOR PURIFYING THE BLOOD.

And for the speedy cure of the following complaints: Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Eruptions, Blotches, Boils, Blisters, and all Skin Diseases.

OAKLAND, Ind., 6th June, 1866.  
J. C. AYER & CO. GENTLES: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and discolored me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejected to read in the Boston Herald that you had prepared an alternative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. Now and healthy skin has been formed under the scalp, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I can say when I tell you, that I hold you to be one of the benefactors of the age, and remain ever gratefully.

ALFRED B. TALLEY.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy, Bronchitis, Gout or Swelled Neck, Zebulun Sloan of Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a disease—a hideous swelling on the neck, which I had suffered from over two years."

Leucorrhoea or Whites, Ovarian Tumor, Uterine Discharge, Female Diseases.

Dr. J. B. Channing, of New York City, writes: "I most cheerfully comply with the request of your agent in saying, have found your Sarsaparilla a most excellent remedy for the numerous complaints for which we employ such a remedy, but especially in Female Diseases of the Scrofulous kind. I have cured many inveterate cases of Leucorrhoea by it, and some where the complaint was caused by ulceration of the uterus. The treatment I have used, nothing within my knowledge equals it for these female diseases."

Edward S. Morrow, of Newbury, Mass., writes: "A dangerous cancer on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extreme treatment could afford relief, but he advised the trial of your Sarsaparilla before he had recourse to any other remedy. After taking your remedy eight weeks no symptom of the disease remained."

Syphilis and Mercurial Disease.

New Orleans, 24th August, 1866.

Dr. J. C. AYER: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with it, in my practice, most of the complaints for which it is recommended, and have found it the most powerful remedy in the cure of Syphilis and Mercurial Disease. One of my patients had Syphilis ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in two weeks. Another was attacked by secondary syphilis in his hair, and the hair began to fall out; after a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again, not of course without some disfigurement to his face. A woman who had been treated for the same disease by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and limbs. She too was cured entirely by your Sarsaparilla in a few weeks. I know from the firmness, which your agent gave me, that this Preparation from your laboratory is a great remedy; consequently, those truly remarkable results with it have not surprised me.

Ever yours, G. V. LAMMER, M.D.

Rheumatism, Gout, Liver Complaint.

INDEPENDENCE, Preston Co., Va., 6th July, 1866.

Dr. J. C. AYER: Sir, I have been afflicted with a painful chronic Rheumatism for a long time, and I feel the skill of physicians, and struck to me in spite of all the remedies I could find, until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FRANK.

Julius Y. Gatchell, of St. Louis, writes: "I have been afflicted for years with an affection of the Liver, which destroyed my health. I tried every thing, and every thing failed to restore me, and I have been a bed-ridden man for some years from no other cause than derangement of the Liver. My beloved pastor, the Rev. Mr. Eddy, advised me to try your Sarsaparilla, because he said he knew you, and any thing you made was worth trying. By the blessing of God it has cured me, and has so purified my blood as to make a new man of me. I feel young again. The best that can be said of you is not half good enough."

Schlerms, Cancer Tumors, Enlargement, Ulcers, Caries and Exfoliation of the Bones.

A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but we cannot here detail them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Pits, Epilepsy, Melancholy, Neuralgia.

Many remarkable cures of these affections have been made by the use of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long been desired by the necessities of the people, and we are confident that this will do for them all that medicine can do.

### Ayer's Cherry Pectoral,

### FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Consumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease.

This is a remedy so universally known to surpass any other the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivaled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has given all the victories that it did have when making the cures which have won so strongly upon the confidence of mankind.

THE ESTIMATES.

It is reasonable to suppose that the  
Estimates for 1887 will very shortly  
engross Executive attention; and it  
may be considered neither ill-timed  
nor presumptuous on our part to offer  
a few practical suggestions for the  
guidance of the Executive in framing  
these Estimates. It has hitherto been  
the reproach of our present system of  
Government that the predominance of  
the official element in the House ren-  
dered the unofficial members utterly  
powerless; and that, upon all questions  
of finance, it was as well that finality  
should be conceded to Executive ac-  
tion, inasmuch as to go through the  
ceremony of asking for the sanction  
of the Legislative Council, when two-  
thirds of its members were not free  
agents, was little better than an in-  
sult offered to the unofficial minority,  
and, through them, to the people. We  
do not wish to be understood as as-  
serting that the official members of  
the Council are, as a class, less in-  
dependent in their nature and aspira-  
tions than other of her Majesty's sub-  
jects, any more than we would insin-  
uate that Governor Seymour would  
wish to be the *custos* of their will. But  
what we mean to say is this:—The  
Estimates are prepared by the Execu-  
tive, come down to the Legislative  
Council as a Government measure,  
and every official member feels bound  
to vote through the list, regardless  
of reason, argument and opposi-  
tion. These official members, pos-  
sessing judgment and wills of their  
own, may be presumed to be strongly  
opposed to certain items in the Es-  
timates. But let any one of them "dare  
to call his soul his own," and no value  
of official public service will save him  
from Executive displeasure. Should  
an official member for a moment for-  
get his true position, and perform an  
independent act or utter an independ-  
ent word, see how quickly he will  
crawl back into the shell of official  
obedience! It would be doing Gov-  
ernor Seymour injustice to say that  
he seeks to coerce the official vote  
more than would the average of Gov-  
ernors in the same position. Nay, it  
is tolerably certain that the reverse is  
true of him. And yet it is perhaps  
well that such a check upon the offi-  
cial element in the House does exist,  
for there are not wanting instances in  
which it has been turned to good ac-  
count, and so long as that power is  
confided to such a man as he who  
wields it now, we are much reconciled  
—almost to contentment. But there  
is another feature of the Legislature,  
as it has been, worthy of remark, and  
it is a most delicate and painful one  
to have to allude to in a public journal.  
We have witnessed the official mem-  
bers submit to the indecency of sitting  
and voting in defence of their own  
plethoric salaries! We have had to  
listen, with feelings of mortification,  
to gentlemen in receipt of not less than  
a thousand pounds a year, and that  
for about five months actual service,  
expatiating upon the onerousness of  
their duties, and the enormity of their  
expenses and privations; we have  
heard them plead for their "bacon and  
beans" in the most piteous way; and  
we have, too, seen the official majority  
rush through them after item of the  
"bloated Civil List," when the protest  
raised by the People's Representatives  
was received with derisive laughter,  
and taunting jeers. It is true the new  
House will be somewhat less official in  
its composition; but still that element  
will predominate, and what was appli-  
cable to the past in this respect will  
be applicable to the new House, al-  
though with slightly diminished force.  
To ameliorate as much as may

be our present system, and relieve  
the official members of the pain-  
ful indecency of being judges  
in their own cause, voting upon their  
own salaries, as well as to save the  
unofficial minority the humiliation of  
offering a bootless opposition, we  
would suggest that the Estimates for  
1887 should be prepared with due re-  
gard to the most rapid measure of re-  
trenchment in the public service; and  
that, when they come down to the  
House, they will be in such a shape as  
to render any opposition on that score  
altogether unnecessary. Let Gov-  
ernor Seymour dismiss every official  
that can be spared, and place the sal-  
aries of those absolutely necessary to  
insure efficiency in the public service  
at such figures as the nature of their  
duties and the straitened financial cir-  
cumstances of the country will war-  
rant. Let this be done, and the Es-  
timates will come before the House  
in a form which will save the mem-  
bers from being placed in a delicate  
and really ridiculous position, and  
convince the Colonists that the Gov-  
ernor really means to administer for  
their good, and not for the aggrandiz-  
ement of a favored few. Let this  
be done, and Governor Seymour will  
have proved himself equal to a most  
trying emergency. But, on the other  
hand, should his Excellency shrink  
the responsibility, and seek to throw  
the onus of retrenchment upon the House,  
with the knowledge he possesses of  
their utter impotency, we shall not  
only have the humiliation of witness-  
ing another of those disgraceful farces  
in the House, but the people will be  
impelled to the conclusion that the  
interests of a few placemen are dear-  
er to the Governor than the prosperity  
of the country and the contentment  
and welfare of the colonists. We may  
be told that his Excellency has not  
the power to reduce salaries fixed by  
the Imperial Government. We know  
if he has not the power to do this di-  
rectly he has the power to do it in-  
directly. His Excellency has been in-  
vested with the necessary power to dis-  
miss any and every official he may think  
proper. If he cannot say to any par-  
ticular official, Your salary must be  
reduced by so much, he can at least say,  
If you are not content to serve for so  
much your services can be spared. In  
this way his Excellency possesses the  
power to cut and carve the Civil List  
at will, an extraordinary power, vested  
in him for a special occasion, and  
which will cease with the circumstances  
which called it into being. We repeat,  
should the Governor shrink from the  
due exercise of this power, in the  
direction we have indicated, we shall  
have to witness a repetition of that  
annual farce of "Voting the Supplies,"  
and the country will doubt the  
sincerity of his Excellency.

AYER'S  
CATHARTIC  
PILLS.

ARE you sick, feeble, and complaining? Are you out  
of order, with your system deranged, and your feelings  
uncomfortable? These symptoms are often the result of  
constipation. Some fitful sickness is creeping upon you  
and should be averted by a timely use of the right remedy.  
Take Ayer's Pills, and cleanse out the disordered humors  
—purify the blood, and let the fluids move on unobstructed  
in health again. They stimulate the functions of the body  
into vigorous activity, purify the system from the destruc-  
tive humors which secrete disease. A cold settles somewhere  
in the body, and obstructs its natural functions. These  
fluids, when upon the system, and the surrounding  
organs, produce general debility, suffering, and disease.  
While in this condition, oppressed by the derangements,  
take Ayer's Pills, and see how directly they restore the  
natural action of the system, and with the pleasant  
feeling of health again. What is true and so apparent in  
this trivial and common complaint, is also true in many  
of the deep-seated and dangerous diseases. The same  
purgative effect expels them. Caused by similar obstruc-  
tions and derangements of the natural functions of the  
body, they are equally, and many of them cured, by  
the same means. None who know the virtues of these  
Pills, will neglect to employ them when suffering from  
the disorders they cure.

Statements from leading physicians in some of the  
principal cities, and from other well known public per-  
sons.

From a Forwarding Merchant of St. Louis, Feb. 4, 1854.

Dr. Ayer: Your Pills are the purgative of all that is  
great in medicine. They have cured my little daughter  
of ulcers upon her bowels, and let that had proved  
incurable for years. Her mother has been long and  
only afflicted with cholera and purples on her skin and  
in her hair. After she had been cured, she also tried  
your Pills, and they have cured her.

CURE IS AT HAND!  
HOLLOWAY'S OINTMENT.

Scorbutic Eruptions, as Sore Heads and  
Scrofulous Swellings.  
If the powerful Ointment be well rubbed into the parts  
affected, all skin disease will be speedily overcome. It  
acts not by repression, but repulsion. It enters the sys-  
tem as an enteric agent, and operates not locally only,  
but constitutionally purifying the whole system, neutral-  
izing all depraved humors, and affecting a radical and  
complete cure. The Pills should be taken as an auxiliary  
to the Ointment, as they are so prepared as to act in uni-  
son with it, facilitating and confirming the conquest of  
the disease.

The above complaints have for twenty years been  
treated with Holloway's Ointment and Pills with com-  
plete success. The cures have been so remarkable,  
speedy and numerous, that these often fatal diseases are  
more easily cured by these medicines, than even the com-  
mon sore throat, if taken in time.

The Kidneys, Stone and Gravel.

In these complaints, the Ointment almost acts like a  
charm, providing it is very effectually rubbed over the  
region of the kidneys, which it will penetrate, and give  
almost immediate relief, while the Pills should be taken  
according to the printed directions, when the most extra-  
ordinary cures may be effected by this means.

Bad Legs, Bad Breasts, Scrofulous Sores,  
and Glandular Swellings.

In such cases the Ointment operates surely and with a  
rapidity that resembles magic. It should be rubbed into  
the parts affected, after they have been washed with  
lukewarm water. The purifying and curative powers of  
this marvellous ointment have been proved in every case  
of bad legs, or ulcers always owing to its influence, and in cases  
of bad breasts, or milk fever, its action is wonderful.  
Glandular swellings may soon be reduced by following the  
printed directions.

The Action of the Heart, Dropsy.

The last named disease is commonly preceded by irregu-  
larity of the heart, and difficult respiration; which  
symptoms are always cured, and ever go from bad to  
worse, unless proper means of cure are resorted to. In  
Holloway's Ointment and Pills, the most powerful  
patient will ever find success; the present relief derived  
from the use of these remedies is marvellously quick, and  
perseverance in the application of this famous Ointment,  
invariably results in a cure. They act with such energy  
on the circulation and absorbent system, that the drop-  
sical fluid vanishes, and the sufferer is enabled to pursue  
his usual avocations, till natural health returns.

Gout and Rheumatism.

May be cured with the greatest certainty if large quan-  
tities of the Ointment be well worked into the complai-  
nting parts, twice or three times a day, keeping them cor-  
rectly, and this perseveringly done for some time. It  
is no use to smear it on the skin only, it must be got into  
the system. Take as many Pills nightly as will act two  
or three times during the 24 hours, and the use of  
coffee, and all stimulants. When these complaints are  
leaving the system, the violence of the complaint fre-  
quently seems to increase.

Indiscretion of Youth.

Sores, ulcers and swellings can with certainty be cured  
if the Ointment be thoroughly rubbed all round the com-  
plaining parts, twice or three times a day, keeping them cor-  
rectly with linen rag spread with the same.

The Pills must be taken according to the printed di-  
rections, in an hour being in an impure state, persev-  
erance is necessary. From humane motives let advi-  
ce will be answered gratuitously. To save carrying the  
Pills should be obtained in the neighborhood of the suffer-  
er, and not from Holloway's Establishment.

Both the Ointment and Pills should be used in  
the following cases:—

Bad Legs, Chapped hands, Scalds,  
Bad Breasts, Contracted and Sore Nipples,  
Bums, Sore Joints, Sore Throats,  
Eruptions, Skin Diseases, Scrofulous  
Bite of Mosquitoes, Fistulas, Scurvy,  
and Swellings, Gout, Sore Heads,  
Glandular Swellings, Ulcers,  
Corns (soft), Bunions, Wounds,  
Cancers, Piles, Rheumatism,  
Chilblains, Yaws.

Sold at the establishment of PROFFER HOLLOWAY, 224,  
Strand, (near Temple Bar) London; and by all respect-  
able Druggists and Chemists in New Westminster throughout  
the civilized world, at the following prices:—1/6, 1/3, 2/6,  
3/6, 4/6, 5/6, 1/2, 2/2, and 3/2, each Pot.

\* There is a considerable saving by taking the larger

# The British Columbian.

WEDNESDAY, DECEMBER 19, 1866.

## FROM YALE.

### ARRIVAL OF TREASURE.

The steamer Reliance, Captain Irving, arrived from Yale on Monday evening, having a large number of passengers, amongst whom were Commissioner Cox, of Cariboo, Mr. Ormandy, Messenger of the Bank of British Columbia, and Messrs. Glover and Knowles, Messengers of the Bank of British North America, the former having in charge \$46,000, and the latter \$87,000, in treasure belonging to the two abovementioned Banks respectively.

**ACCOMMODATING.**—According to a notice promulgated by the Acting Postmaster General, 12 hours will be allowed from the arrival of the mail till its departure, to enable parties to reply to correspondence by return steamer, the Active, we presume, remaining at Victoria until the Sir James Douglas gets back. Although the whole mail arrangement shows a disposition on the part of the Government to accommodate the public, yet it bears on the very face of it evidence of its own absurdity, and of false economy. How much more, or rather how much less would it really cost the Colony to have the Active come direct here, as she ought to do, than to carry out the present complicated and unsatisfactory substitute? While we are willing to accept it as evidence of a desire on the part of the Government to meet as far as possible the wants of the colonists, we can only be reconciled to it upon the assumption that it is the best that can be done until the expiration of the old contract entered into by the late Island Government.

**NARROW ESCAPE—HEROIC CONDUCT.**—As Mr. Duncan, who left for Scotland by the last steamer, was going on board the Enterprise, on Friday night, he fell from the gangway into the river, between the wharf and the boat. With remarkable agility Mr. Wm. Fisher pulled off his coat and, plunging into the river, succeeded in rescuing the drowning man by keeping his head above water with one hand, and supporting himself by holding on to the paddle-wheel of the steamer with the other, until assistance was extended to them, when they were both taken from their uncomfortable and perilous position. While to Mr. Fisher we would award the meed of praise to which his heroic conduct entitles him, we would suggest to Captain Swanson the propriety of having a hand-rail or rope provided, so as to prevent similar accidents in future.

**ENTANGLED IN THE MESHES OF THE LAW.**—The four Evans Brothers, well known in Cariboo as extensive merchants and carriers, and who recently made an assignment for the benefit of their creditors, have been capiased and are now held here upon the charge of intent to abscond. Mr. Underwood, brother-in-law of the above, was also arrested on his arrival in this city, on Monday evening, and is held upon the charge of conspiring with the said Evans Brothers for the purpose of defrauding their creditors. The affair appears to be a somewhat complex one, and any comment would of course be out of place pending an investigation. We understand Mr. A. R. Robertson has been sent for by the Defendants. Mr. G. A. Walkem being retained on behalf of the Plaintiffs.

**AS IT OUGHT TO BE.**—We are glad to learn that Commissioner Cox is to have a seat in the Legislative Council during the approaching Session. A continuous residence of three years in our most important gold field and a thorough acquaintance with the mining interests and the genius of the miners, cannot fail to render Mr. Cox preeminently qualified to watch those interests in the Legislature. The miners of Cariboo may suffer temporary inconvenience from the absence of Mr. Cox; yet they cannot but appreciate the act of the Government in giving him a seat in the House. Mr. Spalding has been appointed to act as Gold Commissioner in Cariboo during the winter months.

**THE CARIBOO MAIL SERVICE.**—We have again to remonstrate against the injustice of cutting the large and revenue-producing population of Cariboo off with one mail a month during the winter. A paltry additional sum ought, we have reason to believe, suffice to double that service for the three remaining months. A numerous signed petition came down from Cariboo East a short time ago; followed by another from Cariboo West by the last mail, praying for a bi-monthly service. We do beseech the Government to return a gracious answer to these most reasonable prayers.

**NO STEAMER.**—Owing to rough weather the Enterprise was detained in Victoria harbour yesterday. She may be expected to arrive here this evening. The arrival of the Active at Victoria had not been telegraphed up to our going to press. It is probable, however, that she will reach there early to-day, and that the Sir James Douglas will be here this evening.

We have just learned that the Enterprise was to leave Victoria at 9 o'clock last evening, and remain at Plumper's Pass over night. She may be expected here about 9 o'clock this morning.

**THE ISLAND ELECTIONS.**—Since our outside leader was in type we learn that Dr. Helmcken and Mr. De Cosmos were elected for Victoria, or number one District; and Mr. J. D. Pemberton for the rural, or number two District. We are still without any intelligence respecting the Nanaimo election.

**THE ADMINISTRATION OF JUSTICE.**—The Cariboo Sentinel of the 30th ult., contains a very able leading article of two columns in length upon the subject of the Administration of Justice in this Colony, wherein some of the judicial eccentricities of Mr. Justice Begbie are reviewed, and the consequences of his extraordinary treatment of juries contemplated. The article is entitled to a careful perusal by the authorities.

**ROYAL ASSENT.**—Saturday's Government Gazette announces Her Majesty's sanction to the following Ordinances passed during last Session of the Legislative Council:—No. 14. "An Ordinance amending the procedure of the County Courts of the Colony of British Columbia." No. 17. "An Ordinance to define the jurisdiction of County Courts under the Small Debts Act, 1859."

**MYSTERIOUS DISAPPEARANCE OF A PATRIOT.**—It is currently rumored in Victoria that Mr. Wallace, late editor of the Yale Tribune, and member-elect for the Yale-Lytton District, is on his way to Ireland, without the most remote intention of looking after the interests of his constituents, in the approaching Session.

**PRISON RETURN.**—We are indebted to the politeness of Capt. Pritchard for the following abstract of Prison Return, for the month of November, 1866:—In jail on the 1st of the month 26; received during the month 9; discharged during the month 9; in jail on the 30th of the month 26.

**NEW HOTEL.**—The large and commodious house known as Hick's Hotel, was opened on Monday night by the new proprietor, Mr. Frank Egan, under the name of the Boomerang Hotel. The establishment has been thoroughly renovated, and is furnished throughout, and has a snug and comfortable appearance.

**FOR HARRISONMOUTH.**—The steamer Henrietta, Captain Dodge, sailed for Harrisonmouth yesterday. It is improbable that she will go through to Douglas, the water on Harrison Rapids being at too low a stage just now.

**FOR YALE.**—The steamer Reliance will leave for Yale at the usual time after the arrival of the Victoria steamer. It is the intention of Captain Irving to lay her up for the winter upon returning from Yale.

**THE CARIBOO HOSPITAL.**—This useful institution is, we are sorry to say, full. Four of the inmates have their left legs broken.

**NO DISPATCHES.**—The telegraph wire having been down South of Seattle since Sunday, we are without our usual Eastern dispatches.

**HOLLOWAY'S OINTMENT AND PILLS.**—Never neglect a Cold—It is painful to hear of the many fatal cases which commenced with the ordinary symptoms of a common cold. Holloway's Ointment, rubbed upon the back and chest, prevents all disastrous consequences; it soothes the inflamed lining of both throat and chest. After rubbing in the Ointment for a few days, the pectoral irritation and the tightness of breathing diminish, the cough becomes looser and less frequent, and the phlegm is expectorated with less difficulty, till the lungs become free and respiration natural. All subject to take cold from slight exposure to varying temperatures, will find Holloway's Soothing Ointment and Purifying Pills an effective safeguard against pleurisy, bronchitis, asthma, and consumption.

# THE BRITISH COLUMBIAN.

## FROM CARIBOO.

By the arrival of Barnard's Express we have files of the Cariboo Sentinel to the 30th ultimo. The mining intelligence has been anticipated by telegraph; the following condensed items may, however, be found readable:—Bitter complaint is made respecting the meagre mail and express service.

Mr. Wilmott, the enterprising expressman, has two sleighs running between Richfield and Cameronton. The first winter weekly meeting of the Cariboo Literary Institute was appointed to be held on Wednesday the 3d inst. The weather was very fine, and there had been no frost of any consequence. There are two towns on Grouse Creek, about a mile apart, and both growing rapidly.

A movement was on foot for organizing a Dramatic Club. The firm of Evans Bros. have failed and made an assignment of their Estate to their creditors. Liabilities, \$50,000.—A fresh item of evidence against Barry had turned up, in the shape of a pin given to one of the "Hurdles" by the prisoner, and which has been identified as the property of the late Blessing. Much credit is due to Chief Constable Fitzgerald for his ingenuity and diligence in ferreting out the matter. A farewell dinner was offered to Commissioner Cox, by the miners, previous to his departure from the Creek, but was declined by that gentleman. The Mining Board held a meeting on the 16th ult., but little business was transacted.

**STILL LATER.** From Judge Cox, who left Williams Creek on the 6th inst., we learn that flour had risen to \$26, and most other articles in like proportion. A census taken by the Judge shows that in the District of Cariboo East there are 1350 persons (exclusive of Chinese and Indians) 323 of these being on Grouse Creek. The United Claim in Conklin's Gulch gave a dividend of \$400 to the share for the week. There are 16 shares in the company, thus making the aggregate yield for the week \$6400, or nearly equal to the average yield of the famous Heron Claim on Grouse Creek, which is comprised of 8 shares. The general feeling in Cariboo is one of cheerful confidence.

**MUNICIPAL COUNCIL.** QUARTERLY MEETING. The Municipal Council met at 12 a. m. on Saturday, being the second Quarterly Meeting for the present municipal year. Present—The President, and Councillors Armstrong, Ferris, Ashwell, Calder, Clute, McMillan and Withrow. Absent—Ladner, Wintemute, Cunningham and Rylett.

The minutes of previous meeting were read and confirmed.

The Clerk's Report of the attendance of Councillors during the quarter was read, and on motion of Councillor McMillan, seconded by Councillor Ashwell, the Report was received and ordered to be placed on the minutes.

Following is the Report: To the President and members of the Municipal Council—Gentlemen: I have to report the absence of Councillors from the regular meetings during the past quarter, in accordance with a resolution passed on the 20th of August last: Absent—Councillor Wintemute 7 times; Rylett 4; Ladner 4; McMillan 3; Ashwell 1; Robson 1; Cunningham 3; Calder 4; Withrow 2; Clute 2; Armstrong 2; Ferris 0.

The Finance Committee's Report was read, and on motion of Councillor Ashwell, seconded by Councillor McMillan, the Report was laid over to the next meeting of the Council.

Coun. Ashwell moved, seconded by Coun. Armstrong, and Resolved—That the Council meet every Monday evening from this quarterly meeting, up to the first day of February, 1867. Carried.

On motion the Council adjourned till Monday evening, at 7 o'clock.

**REGULAR MEETING.** The Council met on Monday evening, pursuant to adjournment; members all present, except Couns. Ladner and Cunningham. Minutes of previous meeting were read and adopted.

Bills were presented from: The Government Gazette, \$24 87; Calder & Keayes, \$5 12; Clarkson & Co., \$19 25; G. Seringour, \$1 50; Cunningham Bros., \$20. The bills were all referred to the Finance Committee, except Messrs. Cunningham's, which was laid over for one week.

A resolution was passed to discontinue the Council's subscription to the Government Gazette. Report of the Finance Committee for the quarter ending 15th December, 1866:

To the President and members of the Municipal Council of New Westminster: We, your Committee of Finance, beg to submit the following report:

Balance to be expended as per report, July 16th, 1866, \$589 82; Estimated amount of taxes to be collected for the municipal year 1866 and 1867, 2330 22; Amount of taxes collected to date, \$2881 05; Amount of taxes to be collected, 1901 59; Amount of taxes collected to date, \$2881 05; Amount of accounts paid to date, 904 79; Leaving a cash balance in hand of \$74 87.

The report, on motion of Councillor McMillan, seconded by Coun. Ashwell, was ordered to be placed on file.

Coun. Ashwell introduced specifications for certain work on St. John street, and the Council went into committee of the whole thereon, Coun. McMillan in the chair. The Council

in committee adopted the resolutions as follows: All logs, brushwood, and rotten logs to be burned off from the present road on Royal avenue to Pelham street. All upturned trees to be burned off to within four feet of the roots. The work to be completed on or before the first of March. Payment to be made when the work shall have been completed to the satisfaction of the Board of Works.

On motion of Coun. Armstrong, seconded by Coun. Ashwell, the Clerk was instructed to advertise for tenders for said work.

On motion of Coun. Ferris, seconded by Coun. McMillan, the Council went into committee of the whole on the specifications for the repairs of Columbia and Ellice streets, Coun. Clute in the Chair.

After a somewhat animated discussion a resolution to lay the specifications on the table for one month was carried.

Coun. Rylett introduced specifications for constructing a roadway on Mary street and Pelham street, which after some discussion, shared the same fate as the previous ones.

Moved by Coun. Calder, seconded by Coun. Ashwell, and Resolved—That the President be requested to ask the Chief Commissioner of Lands and Works for the use of the chain-gang to do certain work at the junction of Douglas and Provost streets.

**NOTICE OF MOTION.** Coun. McMillan gave notice that he would introduce specifications at next meeting of the Council for opening and grading Agnes street between Douglas and Ellice streets.

The Council adjourned till next Monday night.

**TELEGRAPHIC.** SPECIAL DISPATCH TO THE "BRITISH COLUMBIAN."

**EASTERN STATES.** New York, Dec. 14.—Four petitions have been presented to Congress for the impeachment of the President all from the West, bearing in the aggregate about 25,000 names.

WASHINGTON, Dec. 13.—The settlement made by Consul Morse in London with Fraser, Frenholm & Co., has been disavowed by the U. S. Government. It involves many thousands of pounds sterling. They were confederate agents.

**EUROPEAN.** New York, Dec. 13.—La France speaks as follows:—The great question of the moment is American affairs. The arrival of the next packet is looked for with intense anxiety; till then the public mind will be influenced by any secondary indications tending to throw light upon the existing state of things. It has been remarked within a few days that American funds are lower at London, Frankfurt and New York. The conclusion is that relations between France and the United States must be very difficult. It is also rumored that the Jurez loan is quoted lower in London.

LONDON, Dec. 13.—The colliery where the explosion occurred contained the largest pit in the district. The shaft is 27 yards deep, lateral work extends a mile from the bottom. Nearly 400 men and boys were in the mine at the time of the explosion, nearly all of whom perished. At 9 p.m. Dec. 13th every aid was being given to rescue the survivors. Exploring parties have counted thirty-eight bodies within a space of fifty yards; a few of the unfortunate victims have been brought out alive, but badly mangled. Engineers are of opinion that owing to foul air there can be no more alive in the works; if so over 300 human beings lie dead in the recesses of the pit. Excitement among families in town is most intense; the works in the vicinity have been the scene of wailing and despair all day. A similar accident occurred some twenty years ago at the same place, by which seventy-three lives were lost. A second explosion occurred in the colliery at Burnley while the explorers were trying to save the survivors, twenty-two persons were killed.

BURNLEY, Dec. 13.—Another explosion occurred in this place at 10 o'clock this morning, while working parties were finding and drawing out the dead; most of the officials and a number of volunteers were in the pit, and it is feared they have all perished. The exciting scenes of yesterday were renewed. Some of the volunteers have been taken out. Two later dispatches say the loss of life by the explosions at Burnley is over 400.

LONDON, Dec. 13.—A rupture between Greece and Turkey is imminent.

**TOYS AND FANCY GOODS.**—G. C. Clarkson & Co. having made large additions of the above Goods to their stock, any one wishing to make a present would do well to give them a call, as they have a great variety of nice, neat and natty articles of vertu which are useful, and at the same time will please the eye and adorn a table or mantel-shelf.

**REMOVAL.**—Mr. Wm. Woodman has removed his boot and shoe shop to Holt's corner, in the premises recently occupied by I. Lyons, watchmaker, where he will be happy to receive his old customers.

**CODVILLE LANDING!**

**Important to Packers, Stock  
Drivers, and the Public  
in General.**

THE Public are respectfully informed that  
James Codville, of the wide renowned  
Codville Landing Ranch, is prepared to receive  
any number of animals and cattle to ranch this  
coming winter, on the most liberal terms.

Large Reductions from the regular price  
made in favor of trains.  
Persons intending wintering their own stock  
can be accommodated with Hay in the stack,  
and stables and sheds for their animals, and  
Houses for themselves, on the most reasonable  
terms.

The Ranch is situated on the opposite side  
of the Fraser from that of Sumass, is on an  
island of miles long by 1/2 wide, is high and  
dry, no place where animals can mire, well  
protected from north winds, free from any kind  
of poison weed, and affords every facility, nat-  
ural and artificial, for the accommodation of  
stock.

James Codville would also call public attention  
to the fact that he is prepared to furnish  
Hay at a very reduced price, and in quantities  
to suit all purchasers.

In returning thanks to the Public for past  
patronage, I am in hopes that the good condi-  
tion in which I turned out animals on former  
seasons will secure for me a share of the Public  
patronage this coming winter.

Horse covers, pack saddles, and all rigging  
taken care of, and every satisfaction given for  
the least possible charge to those who may en-  
trust their stock to me, or order Hay.

# ADVICE GRATIS!

**HOLLOWAY'S PILLS.**  
To Purify the Blood.

These Pills have been placed by the common consent of  
mankind at the head of all remedies for removing obnoxious  
poisons from the blood, and cleansing all the tissues of  
the body. They have saved thousands of years of suffering  
from falling a sacrifice to the effects of dyspepsia, dysen-  
tery, diarrhoea, constipation, liver complaints, &c., a fact  
attested by myriads of witnesses. Excessive nervousness and  
debility, the warnings of decreasing organic energy and  
vital decay, are restored and reinvigorated with vigor and  
healthful action in every organ throughout the system, by  
the restorative and exhilarating influence of this medicine.

**Female Complaints.**  
All disorders of the sex, and diseases in every crisis  
perilous to the life and health of woman, youthful or aged,  
married or single, may be radically and quickly cured  
without risk or trouble, by a few doses of these Pills, taken  
according to the printed directions.

**Indigestion with languor and want of energy.**

When taking these Pills, rub Holloway's celebrated  
Ointment over the pit of the stomach, and over the regions  
of the liver, on the right side under the ribs, and you will  
at once experience a change for the better in your diges-  
tion, spirits, appetite, strength, and energy. The im-  
provement, though it may be gradual, will be thorough  
and lasting.

**DROPSY.**

The efficacy of Holloway's Pills in dropsy is extraordi-  
nary. They act with such peculiar effect upon the system,  
that the fluids arising from this direful disease are imper-  
ceptibly carried off and prevented from further accumu-  
lation. The sufferer regains a buoyancy of spirits and  
rejoices in a completely renovated constitution; but it is  
indispensably necessary that the Ointment should be most  
effectually rubbed into the swelling parts.

**Stomach, Liver, Kidneys and Bowels.**

Those who suffer from bile and liver complaints, should  
try the effects of this valuable remedy, a few doses of which  
will make the sufferer feel elastic and vigorous, removing  
all impurities, giving a healthy action to the liver, if it  
attacks be allowed to continue, serious casualties may  
arise, and the sufferer be consigned to a bed of sickness.  
In all disorders of the kidneys, the Ointment should be  
well rubbed into the small of the back, once or twice a  
day, and the Pills taken in union, will cure any complaints  
arising from these organs.

**Puffy, Shortness of Breath with Weak-  
ness.**

Very bad symptoms, which if not corrected, may tend  
to some serious disorders of the heart, and other vital  
organs. Eat moderately of solids, take six Pills nightly  
for some little time; take plenty of fresh air with moderate  
exercise, and the human machinery will be quickly re-  
stored to health and vigor. Try this but for three days  
only, and the result will be marvellous.

**Complaints incident to Children.**

All complaints of children may soon be cured if care be  
taken to purify their blood, correct the action  
of the liver, and cleanse the stomach and bowels: a few  
doses of these famous Pills will immediately produce the  
desired effect, particularly if parents be careful in not allow-  
ing them to eat of things which they know would be injurious  
to themselves.

**Holloway's Pills are the best remedy known in  
the world for the following diseases:**

Female Irregularities, or King's  
Evil.  
Bilious Com- Pains of all Sorts, Throats,  
plaints, kinds, Stone and Gravel,
